ReVive 5 Diabetes Training Program

15+ CEs | \$149 for One-Year Enrollment

Addressing diabetes distress can be tricky, even for seasoned healthcare professionals.

We invite you to attend this hands-on training program that provides the essential steps to address diabetes distress combined with an innovative approach to glucose management. Our experts offer realistic strategies to address diabetes distress that you can immediately apply to your practice setting. Plus, the ReVive 5 Program provides a breadth of tools and resources to create more meaningful connections with people with diabetes.

You don't need to be mental health expert or diabetes technology wiz to join this training or to integrate these new strategies into your daily practice
