

Training & Development

Does your facility have professional development dollars to use by the end of the year?

Invest in your team's success by bringing Coach Beverly to your staff.

Coach Beverly provides:

- Over 20 years of experience of training and practice in Diabetes care
- Accredited CEUs for nurses, dietitians and pharmacists looking to earn their CDE
- Knowledge and skill sharing to empower health care professionals
- FREE resources for students to use in their clinical practice
- A humanistic and person centered approach to diabetes care
- A practical, engaging and fun style of education that inspires action

"Thank you Coach Beverly! Your course has given me the tools and resources not only to pass the exam, but to become a wonderful Diabetes Educator!"

Remote learning options:

Unable to bring Coach Beverly to your institution?

We have many additional resources through Diabetes Education Services such as:

- The Online University with a variety of courses to help you prepare for the CDE exam
- The most popular Books & Study tools
- Free Webinars lead by Coach Beverly
- Medication PocketCards
- 10 Steps to help you succeed in your Diabetes Career

RN, MPH, CDE, BC-ADM

PRESIDENT AND FOUNDER,
DIABETES EDUCATION
SERVICES

"We believe in your success!"

Meet Coach Beverly Thomassian RN, MPH, CDE®, BC-ADM

As president of Diabetes Education Services, Beverly Thomassian believes that we can improve diabetes care through education, advocacy and curiosity. As a diabetes coach, she promotes excellence in care through her live courses and webinar presentations.

Beverly is a Diabetes Nurse Specialist and is Board Certified in Advanced Diabetes Management. She is an Associate Clinical Professor at the University of California, San Francisco, (UCSF) and a visiting professor at California State University, Chico.

A Humanistic Approach

Coach Beverly translates the complex world of diabetes into understandable terms.

Her courses inspire attendees to make real changes in their work setting. She addresses strategies on how to light the fire of motivation with patients who seem stuck with their diabetes.

As an national speaker at over 300 different venues, Beverly Thomassian has developed a special knack of translating complex diabetes information into understandable terms that can be immediately applied in the clinical setting. Her philosophy is that learning about diabetes should be meaningful and fun.

Beverly's [Diabetes in the 21st Century](#) and [Keynote Presentations](#) combine cutting edge science with games, case studies and real life application.

Seminars & Topics

All Day Seminar:

[Diabetes in 21st Century](#)
