WOMEN AS CHANGE AGENTS CONFERENCE

**SAN FRANCISCO, CA
MAY 10TH, 2019**

Women as Change Agents in the Diabetes Landscape

“The goal of this conference is to give voice to courageous women leaders who have made a significant impact in their communities and beyond.”

Beverly Thomassian RN, MPH, CDE®, BC-ADM

Our Intention is to inspire diabetes health care professionals to take risks, try new approaches and envision themselves as powerful change agents.

To generate excitement and action toward change, we are building in purposeful time for networking, creating a plan for change and movement breaks, which include short activities and dancing in between speakers.
