

Level 2 | Standards of Care Intensive | 20+ CEs

Our Level 2 Courses break down the ADA Standards of Care into knowledge nuggets that highlight the critical content needed for clinical practice and exam success. You can choose to view the courses in the same order as the Standards as indicated by class number. Or you can navigate your own path, starting with the content you are least familiar with, then moving forward into the topics that you have the greatest knowledge.

This bundle is specifically designed for healthcare professionals who want to learn more about the [ADA Standards of Diabetes Care](#) for their clinical practice or for those who are studying for the BC-ADM or the CDCES certification exam.
