Thinking about Earning the CDCES?

Join over 19,500 health care professionals who have validated their expertise and professionalism by earning the Certified Diabetes Care and Education Specialist (CDCES) credential.

Become Certified

CDCESs educate and support people affected by diabetes. Earn the most recognized credential in diabetes care and education.

Get started. →

9

Why Take the CDCES Exam?

- ▶ Demonstrates to people with diabetes, employers, and third party payers that the CDCES possesses distinct and specialized knowledge, thereby promoting quality of care for persons with prediabetes and diabetes.
- ▶ CDCES is the recognized standard for competence in diabetes self-management education.
- ▶ Mastery of knowledge
- ▶ Given the diabetes epidemic, access to CDCES' is critical

10

What is a CDCES?

A Certified Diabetes Care and Education Specialist is a health professional who possesses comprehensive knowledge of and experience in diabetes prevention, prediabetes, and diabetes management.

The CDCES educates, supports, and advocates for people affected by diabetes, addressing the stages of diabetes throughout the lifespan.

The CDCES promotes self-management to achieve individualized behavioral and treatment goals that reduce risks and optimize health outcomes

11

Professional Practice Experience Must meet all

- ▶ A minimum of two years (to the day) of professional practice experience in the discipline under which one is applying for certification

AND

- ▶ *Minimum of 1,000 hours of professional practice experience within the past 4 years in diabetes self-management education with a minimum of 40% (400 hours = about 8 hrs a week) accrued in the most recent year preceding application.

AND

- ▶ Minimum of 15 clock hours of continuing diabetes education within 2 years prior to applying for certification.

12

2021- 2026 Practice Experience Update from CBCDE

STANDARD PATHWAY			
DCE PROFESSIONAL PRACTICE EXPERIENCE REQUIREMENT	WITHOUT ADJUSTMENTS	WITH ADJUSTMENTS APPLICATION SUBMITTED IN 2021 THROUGH 2024*	WITH ADJUSTMENTS APPLICATION SUBMITTED IN 2025 THROUGH 2026**
Current DCE experience (12 months prior to applying)	At least 400 hours of DCE in last 12 months	At least 200 hours of DCE in last 12 months	At least 400 hours of DCE in last 12 months
Total DCE experience needed prior to applying	Total 1000 hours in no more than 4 years prior to applying	Total 1000 hours of DCE within 5 years	Total 1000 hours of DCE within 5 years

UNIQUE QUALIFICATIONS (UQ) PATHWAY			
DCE PROFESSIONAL PRACTICE EXPERIENCE REQUIREMENT	WITHOUT ADJUSTMENTS	WITH ADJUSTMENTS APPLICATION SUBMITTED IN 2021 THROUGH 2024*	WITH ADJUSTMENTS APPLICATION SUBMITTED IN 2025 THROUGH 2026**
Current DCE experience (12 months prior to applying)	At least 400 hours of DCE in last 12 months	At least 200 hours of DCE in last 12 months	At least 400 hours of DCE in last 12 months
Total DCE experience needed prior to applying	Total 2000 hours in no more than 4 years prior to applying	Total 2000 hours of DCE within 5 years	Total 2000 hours of DCE within 5 years

13

CDCES = Mastery Level

- Practice-based certification
- Requires individuals to accrue professional practice experience prior to applying.
- This practice experience is necessary to master the knowledge
- CDCES provides formal recognition of specialty practice and mastery of knowledge
- Provides validation of demonstrated dedication to Diabetes Care and Education (DCE).

14

Professional Degree, DSME Practice Hours, plus CE

- Only experience occurring **AFTER** completing your professional degree can be counted toward the Professional Practice Experience requirement.
- Need 1000 hours of DSME Practice Hours
- If on Unique Qualifications Pathway, need 2000 hours of DSME
- For more: info@CBDCE.org or call 877 -239- 3233

15

Quick Question A

- ▶ Diabetes Care and Education Exam includes which of the following philosophies?
- ▶ A. Encouraging compliance improves outcomes
- ▶ B. Empower people to improve diabetes self-management
- ▶ C. Consider individual needs, goals and life experiences
- ▶ D. Help all people achieve an A1c less than 7
- ▶ E. Collaborate and provide ongoing care

16

Definition of Diabetes Education

- ▶ It is a component of a comprehensive plan of diabetes care.
- ▶ Involves the person with prediabetes and or diabetes, caregivers and specialists
- ▶ Ongoing process of facilitating the knowledge, skill, and ability necessary for self-care, as well as activities that assist a person in implementing and sustaining the health practices to manage on an ongoing basis, beyond or outside of formal self-management training.

17

Definition of Diabetes Education

- ▶ Process incorporates the needs, goals and life experiences of the person and is guided by evidence-based standards.
- ▶ Includes practical problem-solving approaches and collaborative care.
- ▶ Address psychosocial issues, lifestyle change, and strategies to sustain self-management

18

DSMES is for Everyone

- ▶ All people with diabetes should participate in diabetes self-management education and support to facilitate the knowledge, decision-making, and skills mastery for diabetes self-care.
- ▶ Assess clinical outcomes, health status, well being and support.
- ▶ Person centered
- ▶ Digital coaching
- ▶ Identify barriers
- ▶ Eval SDOH
- ▶ Consider barriers

19

Diabetes Care & Education Includes:

Assessment: Participant's needs are identified. Process is led by the participant with assessment of support of specialist.

Care & Education Plan: Individualized plan that reflects participant's self-management goals, current evidence and practice guidelines. Includes criteria for evaluating outcomes.

Interventions: The specialist delivers options to assist participants in meeting self-management goals.

Ongoing Support: The specialist provides options for ongoing support and resources. The support option is selected by participant to best meet self-management goals

20

Definition of Diabetes Education

Participant Progress: Specialist monitors and communicates whether participant is achieving self-management goals and other outcome(s) to evaluate effectiveness of interventions. Additional assessments are based on participant's needs across lifespan.

Documentation: Assessment, education plan, intervention, and outcomes are documented in participant's health record.

Services Development/Administration: Development and administrative activities performed as part of DSMES services

21

22

Diabetes Self Management Ed Benefits

- ▶ Improved knowledge
- ▶ Lower weight
- ▶ Improved quality of life
- ▶ Reduced mortality
- ▶ Positive coping
- ▶ Reduced cost
- ▶ Only 5-7% of Medicare/insured receive DSME)

- ▶ Increased primary care, preventive services
- ▶ Less frequent use of acute care and inpt admissions
- ▶ More likely to follow best practice recommendations (esp those with Medicare)

23

Four critical times to provide and modify DSMES

- 1) At diagnosis.
- 2) Annually and/or when not meeting treatment targets.
- 3) When complicating factors develop.
- 4) When transitions in life and care occur.

Powers MA, Bardley JK, et al. DSMES Consensus Report, The Diabetes Educator, 2020
ADCEB. AADE7 Self-Care Behaviors, The Diabetes Educator, 2020

cdc.gov/diabetes/professional-info/training.html

24

DSME Overall Objective

- ▶ **Participant Centered**
- ▶ Support informed decision making
- ▶ Problem solving
- ▶ Active collaboration to improve clinical outcomes and quality of life
- ▶ Avoid judgmental words that increase feelings of shame and/or guilt
- ▶ Choose words and phrases that put people first
- ▶ Avoid shame and blame

25

Language of Diabetes Education

Old Way

- ▶ Control diabetes
- ▶ Test BG
- ▶ Patient
- ▶ Normal BG
- ▶ Non-adherent, compliant

Diabetes Care.

The Use of Language in Diabetes Care and Education
Diabetes Care 2017;40:1233-1238. DOI: 10.2337/dci.17.1233
© 2017 American Diabetes Association. All rights reserved. For personal use only.

New Way

- ▶ Manage
- ▶ Check
- ▶ Participant
- ▶ BG in target range
- ▶ Focus on what they are accomplishing

What we say matters

CBDOCE
Certification Board for
Dietetic Occupational
Certification

2023 Certification Examination for Diabetes Care and Education Specialists

2023 Initial Certification Requirements! Review

Please review before completing application.

NOTE: The Certification Examination for Diabetes Care and Education Specialists is designed and intended for health professionals who have completed a dietetic master's degree with a concentration in diabetes care and education (DCE), as defined by CBDOCE. Refer to Definition of Diabetes Care and Education Specialist, [page 4](#).

(This review letter represents a summary of requirements. See [pages 3-5](#) for all details.)

Yes	No	
<input type="checkbox"/>	<input type="checkbox"/>	1. As a clinical psychologist, registered nurse, occupational health educator, pharmacist, physician, physical therapist, physician assistant, master certified health education specialist, certified clinical exercise physiologist, registered dietitian, dietitian nutritionist, or registered PA, is your license, certification or registration current, active and unrestricted?
OR		
Do you hold a minimum of a master's degree in social work from a United States college or university approved by a nationally recognized accrediting body?		
OR		
If you do not meet either of these, you are encouraged to investigate CBDOCE's Unique Certification Pathways. Please visit our website for more information on that pathway.		
<input type="checkbox"/>	<input type="checkbox"/>	2. Have you practice experience occurred within the United States or its territories?
<input type="checkbox"/>	<input type="checkbox"/>	3. Has all your practice experience occurred since you met requirement #1 above?
<input type="checkbox"/>	<input type="checkbox"/>	4. Do you have a minimum of 2 calendar years (to the day) of practice experience since you received the license, registration or advanced CE (CE outlined above)?
<input type="checkbox"/>	<input type="checkbox"/>	5. Have you accrued 1000 hours of practice experience in diabetes care and education (DCE) within the last 5 years?
<input type="checkbox"/>	<input type="checkbox"/>	6. Do you have a minimum of 20% (or 200 hours) of the 1000 hours of DCE practice experience accrued within the past year?
Does your plan experience include at least some or all in the DCE process: assessment, education, practice, interventions, ongoing support, monitoring and communication of participant progress, documentation and evaluation?		
The Examination Content Outline (ECO) identifies what is covered on the Examination. Remember that regardless of discipline, knowledge (and the ability to apply that knowledge) is necessary across all areas of the ECO. Have you reviewed the ECO and your knowledge across the ECO?		
<input type="checkbox"/>	<input type="checkbox"/>	9. Have you completed (within the past 2 years) a minimum of 15 hours of continuing education activities* applicable to diabetes and provided by or approved by a provider on our list of Recognized Continuing Education Providers?

28

Applying to take the CDCES Exam

At the time of your online application, you will receive:

- ▶ On-line notification of either approval
- ▶ Or that you have been selected for audit
- ▶ If you are submitting a paper application, call PSI if it has been more than 4 weeks since application was mailed and you have not received notice of receipt or audit.

Phone: PSI 833-333-4754

Online Scheduling: schedule an examination appointment online at <http://schedule.psiexams.com>.

29

What is included in audit if requested?

- ▶ Licensure
 - ▶ Documentation of Professional Practice Experience –
 - ▶ A journal of weekly hours of providing DSME
 - ▶ Supervisor to verify
 - ▶ CE course verification
 - ▶ Employment verification signed by supervisor
- 
- A cartoon character of a person with glasses, wearing a purple sweater, pointing their right index finger towards the text 'Documentation of Professional Practice Experience'.

30

Test Taking Window

- ▶ The exam is administered on an ongoing basis
- ▶ Once application approved, candidates must schedule their testing appointment within a 90-day window on a date of their choosing
 - ▶ schedule an appointment to take the examination on a first-come, first-served basis through PSIs online scheduling system
 - ▶ See application booklet for more details

Online Scheduling: schedule an examination appointment online at <http://schedule.psiexams.com>.

31

CDCES Live Remote Proctoring (LRP)

- ▶ Candidate uses own computer from home.
- ▶ A compatibility check of the computer's audio/video, webcam and system is required prior to scheduling.
- ▶ The candidate must have a computer with a web camera that can be moved to display the entire room, a microphone, and internet connection to download the PSI secure browser.
- ▶ Browser Requirements: LRP requires the use of Google Chrome Browser.

Live Remote Proctoring (LRP) is now available for the CDCES exam! Candidates have the convenience and flexibility of taking the CDCES exam by either testing at a PSI Test Center or by LRP.

[Learn More](#)

<https://www.cbdce.org/apply-and-schedule>

32

CDCES Live Remote Proctoring

- ▶ **Breaks:** You are **NOT** allowed any breaks during your LRP exam session.
- ▶ **Identification:** You will be required to take a picture of yourself via the webcam. You will also be required to show via webcam your photo ID.
- ▶ **Room Scan:** You will be required to perform a 360° scan of your testing room. Room must be free of study materials, papers, reference materials, etc.
- ▶ **Calculator:** The LRP platform has a calculator built-in in the lower left-hand corner of screen.
- ▶ **Communicating with your proctor:** will be conducted via chat during the testing session.
- ▶ **Results will pop up on screen upon completion.**

Live Remote Proctoring (LRP) is now available for the CDCES exam! Candidates have the convenience and flexibility of taking the CDCES exam by either testing at a PSI Test Center or by LRP.

[Learn More](#)

33

When will I get my results?

- ▶ You will receive your test results the same day at testing site or if using remote proctoring.
- ▶ You can retake the test as many times as needed
- ▶ Cost –
 - ▶ 1st time \$350
 - ▶ Renewal - \$250

34

Scoring the Exam

- ▶ Reported as raw and scaled scores
 - ▶ Raw score: number of right answers
 - ▶ Scaled score: statistically derived from the raw score
- ▶ Total score determines pass/fail and is reported as a scaled score ranging between 0 and 99
- ▶ To pass: 70 scaled score units

35

CDCES Exam First Time Pass rates

2009 – 69 % (test changed based on work study analysis and computerized)

2010 – 69%

2011 -65%

2012 – 63.5%

2013 – 67 and 69%

2014 - 66 and 67%

2015 - 62 and 64% (test updated)

2016 – 67%

2017 – 66%

2018 – 67%

2019 – 70%

2020 & 2021 – 67%

36

Exam Details

- ▶ Questions are linked directly to a task or tasks.
- ▶ Each question is designed to test if the candidate possesses the **knowledge necessary to perform the task or has the ability to apply it to a job situation.**
- ▶ 25 of the 200 questions are new - but are **not** counted in the determination of individual examination scores.

37

Quick Question – Multiple answers

What are some study strategies that will help you succeed?

- Focus your study time on topics you are confident in.
- Take as many practice tests as possible
- Read as many books on diabetes as possible
- Develop a study plan and block off study time.
- Teach the content to someone else

38

220 Test Questions – Assess your Knowledge

39

Overview of CDCES Exam

- ▶ Composed of 200 multiple-choice, objective questions with a total testing time of four (4) hours.
- ▶ Based on job analysis completed in 2018, which surveyed diabetes educators about the tasks they performed.
- ▶ Exam outline updated in July 2019

40

Exam Content - Assessment

- ▶ Assessment (59)
 - ▶ Learning (19)
 - ▶ Health and Psychosocial Status (19)
 - ▶ Knowledge and Self-Management Practices (21)

41

Exam Content - Intervention

- ▶ Intervention (88)
 - ▶ Collaboration with Individual, Family, Caregiver, and Healthcare Team (18)
 - ▶ Educate based on individualized care strategies (35)
 - ▶ Meds, MNT, acute and chronic complications, problem solving
 - ▶ Evaluate, Revise and Document (26)
 - ▶ Follow-up, support and referral (9)

42

Exam Content – Disease Management

- ▶ Education and Program Standards (28)
 - ▶ Education services standards
 - ▶ National Standards for Diabetes Self Management Education and Support (8)
 - ▶ Clinical Practice (18)
 - ▶ Inpt and Outpt Standards for ADA, AACE
 - ▶ Promote Diabetes Advocacy (2)

- ▶ For detailed outline look in Testing Handbook

43

Test Timing of Diabetes Advancements – AKA What Year Standards to Study?

- ▶ CBDCE has developed the following policies.
- ▶ **One Year** – New medical advances, guidelines, or pharmaceuticals will be included in CDCES Exam no sooner than on year after the information is released.
- ▶ **Immediately** – New diagnostic criteria or specific guidelines impacting diabetes care and education and/or treatment of diabetes which are released nationally and identified as effective immediately may be including in the examination at any time.

44

ADA 2023 Updates for Exams

A1c less than 7% (individualize)

- Pre-meal BG 80-130
- Post meal BG <180
- Time in Range (70-180) 70% of time

Blood Pressure <130/80

Cholesterol

- Statin therapy based on age & risk status
- If 40+ with ASCVD Risk, decrease LDL by 50%, LDL <70
- If 40+ with ASCVD, decrease LDL by 50%, LDL <55

45

What to Study?

46

Taking the Exam

- Questions
- Answers
- Pitfalls

47

Empowerment Errors

- Focusing on the medical need rather than the psychosocial needs
- Failing to keep in mind the participants characteristics (age, type of diabetes, etc.)
- We are supporting efforts toward behavior change.
- Keep it Person Centered

48

Thinking Pitfalls

- ▶ Imaging a right answer and getting thrown when it is not among the choices
- ▶ Over thinking question/answers
- ▶ Choosing an answer that did not fit the situation
- ▶ Using the goals in your clinical setting. Focus on national goals.

49

Take a Practice Test – Learn how to “work” test questions

- ▶ Weed through the details
- ▶ Make sure you REALLY understand key intent of question
- ▶ Find the stem
 - ▶ Identifies key intent of the question
- ▶ Read all the options or answers
- ▶ Eliminate obvious wrong answers
- ▶ Select **BEST** option

50

Look for Clues in The Answers

- ▶ Answers with the following words are usually **incorrect**: always, never, all, none, only, must, and completely
- ▶ Answers with the following words are usually **correct**: seldom, most, generally, tend to, probably, usually

51

Getting to the Right Answers

- ▶ Do not leave any answers blank
- ▶ Look for clues in the question
- ▶ Don't get lured in by juicy answers
- ▶ Avoid imposing your life experience into the question/answer
- ▶ Keep breathing – Get up and move
- ▶ Even simple math problem should be worked out on scratch paper

52

Sample Question -1

- ▶ A patient is admitted to the hospital with elevated glucose levels with a strong family history of diabetes. She is started on fluid replacement and is placed on a clear liquid diet. Her father is in the room and is very concerned. Which of the following would suggest a diagnosis of new onset type 1 diabetes vs type 2 diabetes?

- A. Hyperglycemia
- B. Polyuria
- C. Ketosis
- D. Polydipsia

53

Sample Question 2

- ▶ MJ has type 1 diabetes and wants to know the possible complications that can result from hyperglycemia during the first trimester of pregnancy. Which of the following complications can result from 1st trimester hyperglycemia?

- A. macrosomia
- B. vascular defects
- C. shoulder dystocia
- D. spina bifida

54

Vignette Style Question

- ▶ Read the following vignette to answer the next 3 questions.
- ▶ A 47 yr old man with newly diagnosed type 2 diabetes and hypertension. Additional known information.
 - ▶ Married, with 2 teenagers
 - ▶ Professor with a BMI of 32
 - ▶ Started on Metformin 500mg BID
 - ▶ Father died of kidney failure secondary to diabetes

55

Vignette Style Question 1

- ▶ Given his age and health status, according to ADA 2023 Standards, what are his goals?
 - A. BP less than 140/90, LDL less than 100
 - B. BP less than 130/80, LDL less than 70
 - C. BP less than 120/80, start statin
 - D. BP less than 130/80, LDL less than 100

56

Vignette Style Question 2

- ▶ He says finding time to exercise is challenging due to his work schedule. Using the transtheoretical model, what stage of change is he in?
 - A. Contemplation
 - B. Cost vs. Benefit
 - C. Precontemplation
 - D. Denial

58

Vignette Style Question 3

- He requests information about healthy eating. Which meal planning approach best suits this individual until he can see a registered dietitian?
- A. Very low-calorie diet
 - B. Eliminate all concentrated sweets
 - C. Eat 3 meals a day with snacks in between
 - D. Mediterranean Diet

59

Sample Question 3 – Carb Counting

JL uses an insulin pump and is carb counting using exchange list. A typical breakfast includes: ½ banana, 1 cup of milk, 2 tablespoons almond butter and 1 piece whole grain bread. LS's insulin to carb ratio for breakfast is 1:12, for lunch and dinner it is 1:15. Based on this, how much insulin does LS need for breakfast?

- A. 3.5 units
- B. 3.8 units
- C. 3.0 units
- D. 2.8 units

60

Sample Question 4

Metformin is an antidiabetic agent different than that of sulfonylurea drugs. Some features of the drug are that it:

- A. Stimulates insulin secretion and increases hepatic glucose production.
- B. Causes hypoglycemia
- C. Lowers hyperglycemia in persons with diabetes, but does not lower blood glucose levels in people without diabetes.
- D. Results in weight gain and increase in plasma glucose levels.

recall

- A. Stimulates insulin secretion and increases hepatic glucose production.
- B. Causes hypoglycemia
- C. Lowers hyperglycemia in persons with diabetes, but does not lower blood glucose levels in people without diabetes.
- D. Results in weight gain and increase in plasma glucose levels.

Knowledge = Confidence

- Most important aspect of test taking
- Knowing the content will improve your confidence
- As you study your knowledge base expands

71

CDCES and BC-ADM Success Page

I want to thank you for the role that the 1 year subscription to your online university played in passing my CDCES exam this past October. Your webinars are both thorough and engaging. The webinars expanded on the knowledge that I had learned in my first year as a diabetes educator and filled in the gaps of my blind spots regarding exam content. Now in my third year as a diabetes educator, I am a much more well-rounded and versatile educator and care specialist because of your online university.

Tim Leach, CDCES

I passed the BC-ADM exam. It's for sure a challenging examination. But by attending the exam and a lot of hard work I was successful. I want to thank the DiabetesEd coach Beverly for her very informative in-depth study materials. I would definitely recommend to anyone who is considering taking this exam. The BC-ADM is online course, CDCES Coach app, Pocket guide, Certified Diabetes Educator exam book, and other resources helped me to build a strong foundation before preparing for the exam. I and my friends were able to have virtual study sessions to share ideas and information. It's definitely worth to take this exam to render better well-rounded care for our patients with diabetes.

Susan George, APRN, DNP, FNP-C, BC-ADM

I wanted to let you know that after using your Diabetes Ed Specialist Deluxe Prep Bundle, I passed the exam last month on the first try! I wouldn't have known where to start without these resources and I plan to continue my growth and learning from you in the future. Thank you so much for your help and direction!

Athena Cameron, RD, CDCES
