Interdisciplinary Specialty Topics

15+ CEs | \$189 for One-Year Enrollment

This new expert-led course series is designed for healthcare professionals seeking in-depth knowledge on emerging topics in diabetes care. Each session features a diverse faculty of leading experts and educators, exploring specialized areas such as emerging therapies, technology integration, social determinants of health, and complex case management.

You will have immediate access to your courses for 1 year after your purchase date. Don't worry if you can't attend live, we record all of our courses to watch on-demand. We also offer extensions for all online programs.
