Diabetes Ed Course Topics and Information

A perfect blend of clinical care, science and content needed to become certified and a leader in the field.

- *Type 1 and 2 – Natural History*
- *Insulin: Ultimate Hormone Replacement*
- *Healthy Coping, Diabetes Education & Motivational Interviewing*
- *Medications for Type 2 Diabetes*
- *Complications and Goals of Care*
- *Medical Nutrition Therapy and Pattern Management*
- *Exercise Guidelines*
- **Free online courses on Preparing for CDE, Program Administration and Inpt Care*

Advanced Level Workshop

Earn extra 4.0 CEs by adding our half-day workshop on Saturday afternoon, Critical Assessment of the Diabetes Patient. We will discuss real life case studies, insulin and pattern management plus hands-on practice performing a lower extremity assessment. We will also discuss the latest science regarding gut bacteria and prevention of type 1 and type 2 diabetes. This workshop is specifically geared toward experienced health care professionals who provide high-level diabetes management and care.

Course Information

Diabetes Ed Course is from 8am to 5:00pm on 1st and 2nd day and 8am to noon on last day. Reg fee includes computerized exam, free web clinic, syllabus, certificate of completion, breakfast every day and lunch one day. The Advanced Level Workshop is from 1-4:30pm Saturday.
