

8th Annual
BECOMING A DIABETES EDUCATOR
Program

University of California, San Francisco, CA
January 18-19, 2014 & February 22-23, 2014

Offered by:

in collaboration with:

and endorsed by:

San Francisco Bay Area Association of Diabetes Educator

This comprehensive four-day course, offered over two weekends, is for all health professionals who face diabetes in practice. The goal is to update your understanding of the complexities of diabetes care, and learn effective approaches to educate those affected by diabetes. This is an exciting, one-of-a-kind program with a solid history. It is an ideal program if you want to enter the dynamic and rewarding field of diabetes education and management.

The first weekend of the program is primarily lecture and case studies describing the fundamentals of diabetes management. The second weekend focuses on educational principles & behavior change strategies.

#

FIRST WEEKEND TOPICS INCLUDE:#
